"As soon as I attended my first CACEE conference in Calgary, I realized the incredible benefit of belonging to an organization that could make my campus recruitment for Agrium so much more effective. I have made excellent contacts at the western university's career services groups that have provided valuable insight into the students' direction, their expectations and requirements from a potential new employer. Now, with the increasing competition for workers in general and my networking with fellow national CACEE members, I am in a better position to target students from schools right across Canada."

Heather Stockall, BPE, CHRP Human Resources Business Partner, Agrium Inc.

CACEE National Conference in Kingston, Ontario

"When my HR career path led me into campus recruitment for a second time, I was glad to see CACEE still keeping the community connected and informed. Though there were a lot of new names and faces to meet and learn from, I was pleased to see so many familiar ones still actively involved and sharing their best practices. It's great to see such variety in the membership, and the organization bringing people together to both share new ideas and maintain industry memory."

Sean Bartman, Senior Manager, Campus Programs, *CIBC*
